THIS MANUAL CONTAINS IMPORTANT SAFETY INFORMATION. PLEASE READ AND KEEP FOR FUTURE REFERENCE.

SAFETY INFORMATION

Please read and understand this entire manual before attempting to assemble, operate or install the product.

WARNING

- This fixture should be installed by a certified electrician.
- Switch off the main electrical supply from the main fuse box/circuit breaker before installation.
- Some metal parts in the fixture may have sharp edges. To prevent cuts and scrapes, wear gloves when handling the parts.
- Mind small parts and destroy packing materials, as these may be hazardous to children.
- When installing the light, use a flashlight or other light source for illumination.
- Be careful not to damage or cut the wire insulation(covering) during fixture installation. Do not permit wires to contact any surface having a sharp edge. To do so may damage or cut the wire insulation, which could cause serious injury or death from electric shock.
- Do not exceed the recommended wattage. Refer to the wattage label on the light socket for maximum wattage.
- For safety purposes, please keep children away from the area while the light fixture is being installed.
- Keep the bulb away from flammable materials.
