Solar Dog Garden Ornament – General Instruction Manual

Product Overview

Crafted from durable, weather-resistant magnesium oxide stone composite, this solar-powered dog garden ornament is suitable for long-term indoor and outdoor display. It features a charming dog figurine dressed in overalls and a straw hat fitted with built-in solar lights, operated by a manual on/off switch. Two matching flower pots come alongside the statue for your favorite blooms and greenery. It serves as a whimsical decorative focal point to elevate your garden and patio scenery.

Applications

Ideal for placement in gardens, lawns, patios, balconies, backyards, courtyards and indoor leisure corners.

Usage Instructions

1.Position the ornament and matching flower pots on a flat, level, stable surface to prevent tipping.
2.Operate the built-in switch on the straw hat to manually turn the solar light ON or OFF.
3.Expose the solar panel to direct sunlight for charging to power the light.
4.Do not climb, stand, lean excessively or place heavy loads on the figurine.
5.Prevent forceful impacts, which may crack the statue and damage solar components.
6.Do not overfill the accompanying flower pots with soil.

Care & Maintenance

1.Clean surfaces routinely using a soft cloth and mild soap. Rinse and dry completely. Avoid scratching the solar panel.
2.Avoid prolonged exposure to sustained heavy rain and harsh direct sunlight to mitigate fading and material deterioration.
3.Regularly wipe dust from the solar panel to preserve optimal charging efficiency.
4.Store in a dry, well-ventilated area during extended non-use or extreme weather conditions.
