THIS FURNITURE MUST BE FIXED TO THE WALL

To ensure the safety of those using this cabinet, it is crucial to properly secure it to the wall using a wall anchor . This product includes the necessary items for fixing the furniture to the wall. However, it is important to note that incorrect installation or failure to use the tip-over device can result in serious injury or even death. For this reason, we highly recommend that a professional installer handle the installation of the cabinet to the wall.

Unas últimas recomendaciones para el cuidado de tu mueble. 29-30

Hi! my name is Armando, and I'll be with you while you assemble this cabinet.

¡Hola!, me llamo Armando y te voy a acompañar mientras armas tu mueble.

What will you need?
¿Qué vamos a necesitar?

A flat, smooth surface. You can use the cardboard of the box or a rug.
Una superficie plana y lisa, puedes utilizar el cartón de la caja del mueble o sobre un tapete.

An electric screwdriver isn't necessary, but it can make the work much easier :)
Un destornillador eléctrico no es necesario, pero podría facilitarte el trabajo :)

Where should you start?
¿Por dónde empezamos?

This is so IMPORTANT!

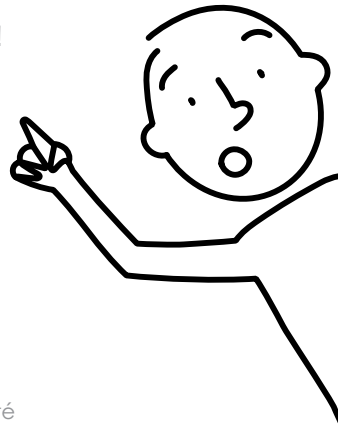

Over the next few pages is the panel and hardware content for this cabinet.
Please make sure that the quantity of each one is correct, and that everything is in good shape.

(When the cabinet is already assembledthere's no warranty for this)

¡Esto es muy IMPORTANTE!

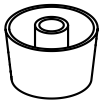

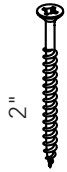

En las próximas páginas está el contenido de las piezas y herrajes del mueble.
Asegúrate de que la cantidad de herrajes y piezas que hay en la caja sea la correcta y todo esté en buen estado.

(Ya que cuando el mueble esté armado no podrás realizar ninguna reposición)

How do the dowels and Minifix system work?

this is so important too!

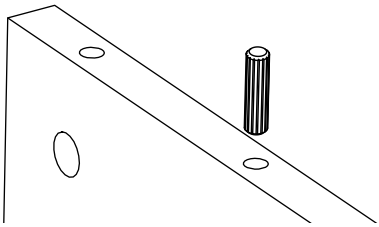

Everytime you're using one of these connectors during the assembly, you should follow these same steps.

Wood Dowels

They are little wooden cylinders.

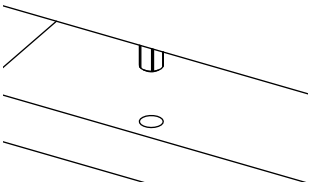

1

Put in the dowel inside the indicated hole and softly hit it until it's fully inside.

This continues on the next page...

2

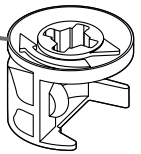

When joining two panels together, don't forget to gently hit the panels to adjust the joint.

Minifix system

It's a joint compound of two parts: a spreading bolt and a Minifix cam.

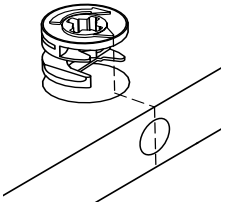

small arrow

1

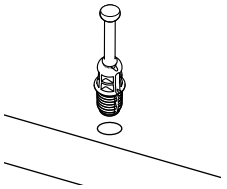

This is a Minifix cam. It has a little arrow on its upper surface.

2

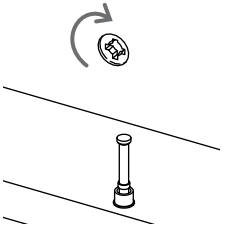

You should insert these cams with the little arrow pointing towards the drilling on the panel's edge (shown on the left).

3

This is a spreading bolt. You should put it with the black plastic part facing down.

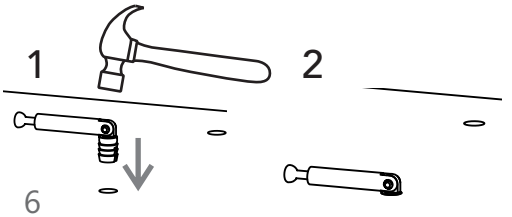

4

After joining two panels together you should turn the cams 180° with a phillips head screwdriver to adjust and secure the joint.

Hinged Bolt

1 2

Place the hinge pin in the designated hole, set it to 90°, and tap it gently until it reaches the bottom of the hole.

¿Cómo funcionan los tarugos y minifix?

¡IMPORTANTE!

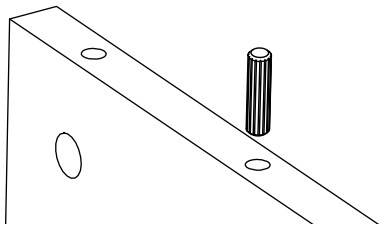

Cada vez que vayas a utilizar uno de estos durante el armado, sigue los pasos que te indicamos aquí.

Tarugo

Son pequeños cilindros de madera.

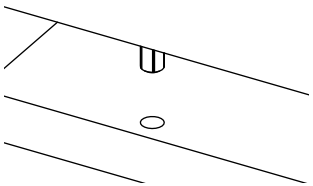

1

Inserta el tarugo en la perforación indicada y golpéalo suavemente hasta que llegue hasta el final de la perforación.

Continúa en la siguiente página...

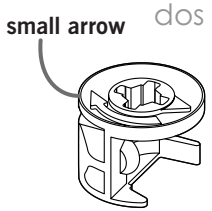

2

Al unir dos piezas, no olvides golpear un poco las piezas para ajustar el ensamble.

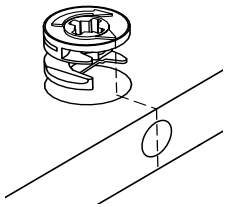

Minifix

Es un pequeño sistema de unión que se compone de dos partes: una caja minifix y un perno.

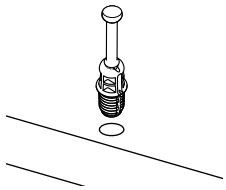

1

Esta es una caja minifix. Tiene una pequeña flecha en su parte superior.

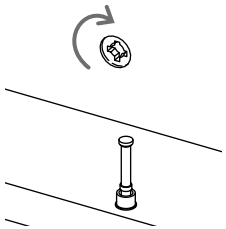

2

Debes insertar las cajas minifix con la flechita apuntando hacia la perforación que hay en el borde de la pieza.

3

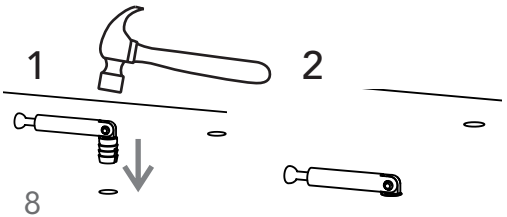

Este es un perno. Debes insertarlo con la parte plástica hacia abajo.

4

Luego de unir las piezas, debes girar 180° las cajas minifix con un destornillador de estrella para ajustar y asegurar el ensamble.

Perno con articulación

Se ubica el perno articulado en la perforación indicada, se gradúa a 90° y se golpea suavemente hasta que llegue al final de la perforación

Congratulations! It's done

¡Felicitaciones!, ya quedó listo.

But don't go yet!

¡Pero no te vayas todavía!

There are some recommendations left for you to take care of your cabinet correctly from now on.

Aún nos faltan algunas recomendaciones para que de ahora en adelante cuides tu mueble de manera adecuada.

Taking care of your cabinet:

- Do not paint the cabinet.
- The cabinet it's exclusively for indoor spaces. Do not expose it to the direct sun.
- Clean the metallic hardware with a dry cloth.
- DO NOT overload the cabinet (see suggested loads)
- Do not hit or hammer the cabinet (only when indicated here).
- Clean it with thinner, a soft soap solution or simply a damp cloth.
- Don't drag the cabinet, lift it up with other people.
- Avoid direct contact with water, fire or exposing it to high heat.

SUPER IMPORTANT!

We suggest fixing the cabinet to the wall, so we can avoid the cabinet tipping and harming anyone.
Be specially careful with the kids.

Para el cuidado de tu mueble:

— No debes pintar el mueble.

— Debes ubicar el mueble únicamente en interiores, no lo expongas al sol directo.

— Limpia los herrajes metálicos con un paño seco.

— NO sobrecargues el mueble (ver las cargas sugeridas)

— No golpees ni martilles el mueble (solo cuando se indique).

— Para limpiarlo puedes usar thinner, una solución de jabón suave o simplemente un trapo húmedo.

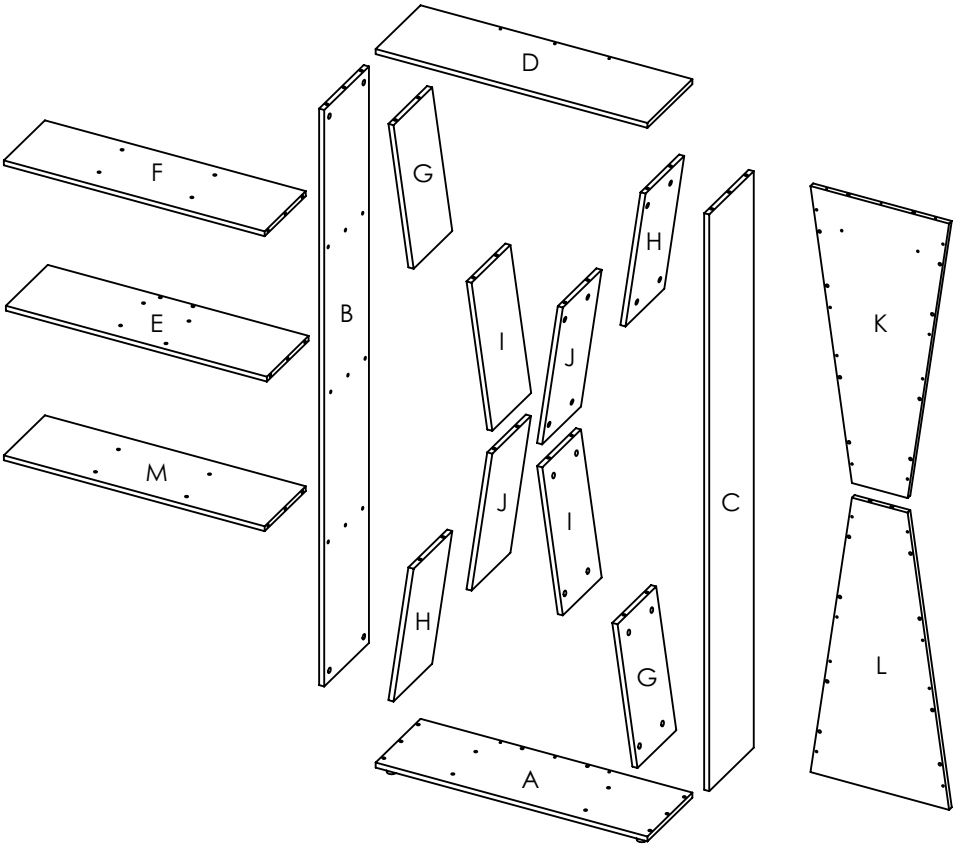

— No arrastres el mueble, levántalo en compañía de otra persona.

— Evita que entre en contacto directo con el agua, el fuego o que tenga exposición a fuentes de calor.

¡SÚPER IMPORTANTE!

Sugerimos el anclaje del mueble a la pared para evitar que el mueble pueda caerse y lastimar a alguien.
Ten especial cuidado con los niños.

WARRANTY POLICY

Furniture has a 1 year warranty coverage in wooden parts and hardware pieces since its manufacturing date, which you can see in the lot number printed on the product box and the assembly instructions leaflet.

Warranty covers materials and workmanship imperfections which impair the assembly or correct functioning of the cabinet.

This warranty is not valid if the defects or imperfections are caused by the incorrect following of the assembly instructions, warnings and recommendations, misuse, intentional damage, fire or flood, or after modifications or any kind of alteration, or repaired by someone not authorized, when it´s been assembled 3 months after the date of purchase. These defects MUST be reported before the warranty coverage period ends. Once the product has been assembled, the company will not be responsible for defective and/or damaged parts.

This warranty is ONLY valid for the ORIGINAL PURCHASER, it doesn't apply if the product has been resold, rented, etc.
