ASSEMBLY INSTRUCTIONS
COFFEE STATION CABINET

THIS FURNITURE MUST BE FIXED TO THE WALL

⚠ WARNING

Children have died from furniture tip over. To reduce the risk of tip over:

- ALWAYS secure this furniture to the wall using a wall anchor.
- NEVER allow children to stand, climb, or hang on drawers, doors or shelves.
- Do not defeat or remove the drawer interlock system.
- Place heaviest items in the lowest drawers.
- NEVER put a TV on this furniture.

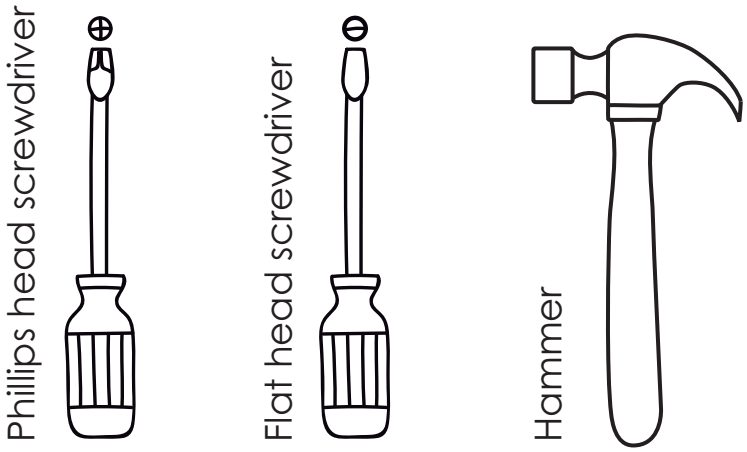

To ensure the safety of those using this cabinet, it is crucial to properly secure it to the wall using a wall anchor . This product includes the necessary items for fixing the furniture to the wall. However, it is important to note that incorrect installation or failure to use the tip-over device can result in serious injury or even death.
For this reason, we highly recommend that a professional installer handle the installation of the cabinet to the wall.

How do the dowels and Minifix system work?

this is so important too!

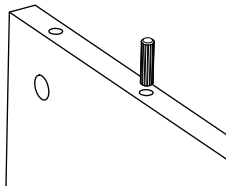

Everytime you're using one of these connectors during the assembly, you should follow these same steps.

Wood dowels

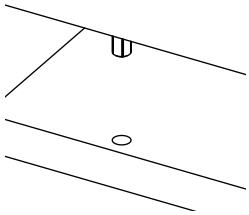

They are little wooden cylinders.

1

Put in the dowel inside the indicated hole and softly hit it until it's fully inside.

2

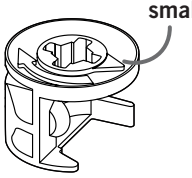

When joining two panels together, don't forget to gently hit the panels to adjust the joint.

Minifix system

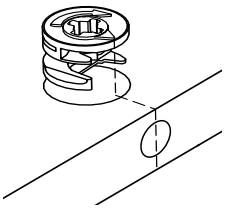

It's a joint compound of two parts: a spreading bolt and a Minifix cam.

1

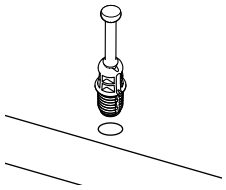

This is a Minifix cam. It has a little arrow on its upper surface.

2

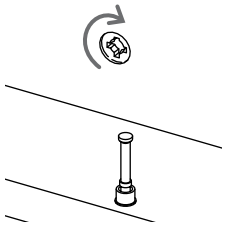

You should insert these cams with the little arrow pointing towards the drilling on the panel's edge (shown on the left).

3

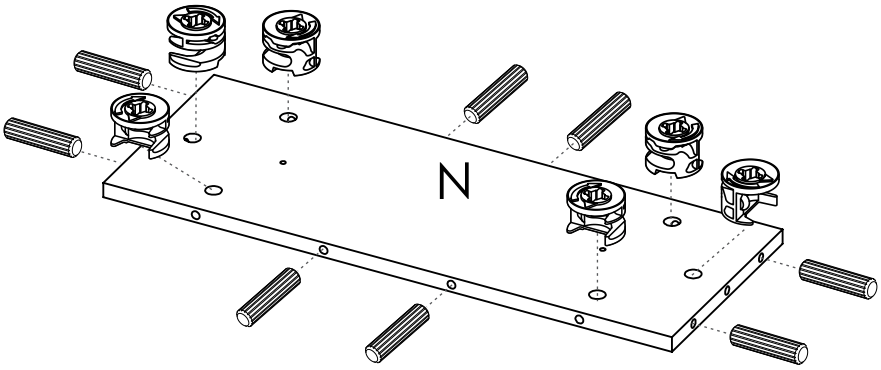

This is a spreading bolt. You should put it with the black plastic part facing

4

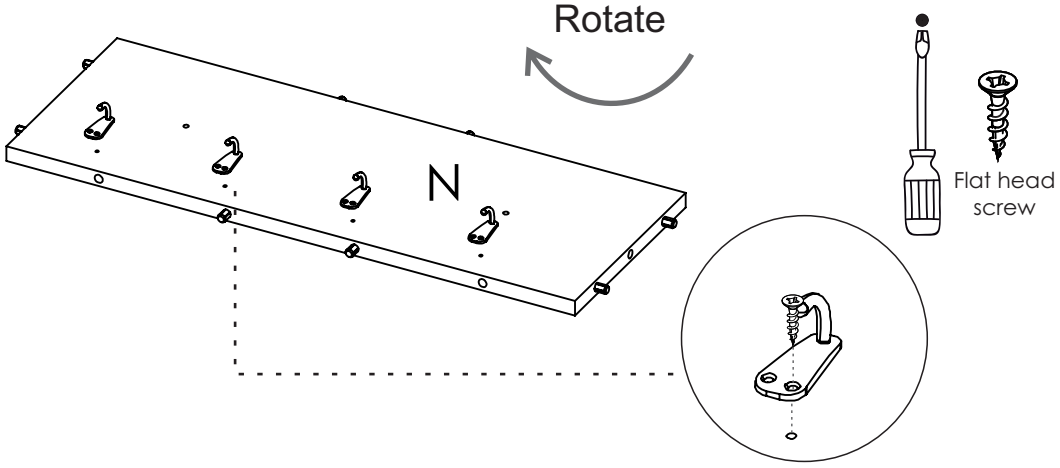

After joining two panels together you should turn the cams 180° with a phillips head screwdriver to adjust and secure the joint.
